PROFILE ID TITLE: ACCESS TO RECOVERY ADMIN

FULL TITLE: Access to Recovery - Administration

REPORTING INSTRUCTIONS: The scope of the Access to Recovery (ATR) Project provides improved access to substance abuse treatment services by expanding the existing substance abuse voucher program in Milwaukee County. Improved access to substance abuse treatment services will be accomplished by allowing clients to choose specific treatment agencies where services can be paid for using a voucher system. Targeted populations for this voucher system program include families with children, adult inmates released from prison to Milwaukee County, and adult offenders on probation or parole supervision who are facing revocation proceedings and imprisonment.

This funding will provide for administrative costs associated with the ATR Project such as salary and fringe benefits, program monitoring efforts, and quality assurance and fraud investigation. Administrative oversight of the project will be accomplished by Milwaukee County and the Department of Corrections.
